# PRE SEASON TRAINING

# PRESIDENTS REPORT

Well what a great year 2022 was. Looking back over the past few years we have all had our set of challenges with the COVID pandemic. This resulted in our the 2020 season being completely cancelled even before it begun. The 2021 season just saw us play just over 50% of the games played before we were all set back into lockdown again. We also had our lives effected with work where we were all ordered to work from home and keep social distancing to minimise the spread of the virus. For those families that have young children they were all thrown another set of complexities in that they needed to become school teachers overnight. I know that we will look back later in our lives and reflect on this pandemic and realise that we all come through this with flying colours. I suppose we all spent that much more time with our loved ones and really appreciated the time that we spent together. As we slowly come out of lockdown we all breathed a sigh of relief in that we can continue our lives with some degree of normality. That normality included seeing our extended families, having the ability to travel again, set the kids back to school and basically reset our lives back to what we all know as 'normality'.

The season of 2022 also saw some new and exciting changes to our establishment. This project took close to two years to complete and we began using the building at the commencement of the year. We are now

fortunate to have separate change facilities for our male and female umpires. This has allowed all our family of umpires to feel secure and safe in their own areas knowing that they all have a high degree of privacy. Our new facility also has dedicated rehab rooms where our trainers Bob and Tamika were able to offer their professional services to our injured umpires or simply offering a gentle (or in some cases not so gentle) massage to keep our umpires on the park. Our kitchen facilities upstairs are also state of the art with all our hungry umpires treated to meals by our kitchen crew in Kim, Ilda, Jamie and Fiona. A great big thank to you as well. A big thank you to all those that have helped behind the bar, cleaning, or simply offering your assistance when required. Thank you. I also wanted to take this opportunity and appreciation the Troy Swainston and all the administrative team at the EFL HQ. Most of you would be aware that not only does the league make a significant contribution to the running of our facility, they also support the umpires through the contribution of our coaching and support staff but they have also contributed a significant financial contribution toward furnishing our rooms. Their generous donation made during last year was dedicated toward the tables and chairs. Again I can't express my gratitude towards this and I look forward to the smooth transition from Troy to the new incumbent. Thank you Troy and all the best in your new endeavours.

Whilst our normal running track was out of commission for all of the 2022 season, we were still fortunate to enjoy the usage of the Fred Geale oval and also the oval (or rectangle) alongside the change rooms. Whilst not ideal we were still fortunate enough to have these facilities and enjoy the process of getting fit and having fun. Our trainer Mal put us all through our paces and his energy and experience is always appreciated. The athletic running track underwent some significant in-ground works and I have been advised that the track should be up and running again at the commencement of the 2023 season. We will commence using this track once the allocations are all locked in with the council. I want to thank our general committee, both current and past. Without your help and dedication I am not too sure how I could have done this.

To our family, our umpires, it has been my please to be your President. I am always blessed to be surrounded by all of you. I look forward to 2023 and I want to thank everyone for your encouragement, enthusiasm, commitment, love and fun over the past season. To all the families in the background that support our umpires. The mothers, fathers, sisters, brothers, friends or grandparents.....Thank you!

# SOCIAL SECRETARYS REPORT

Well here it is! 2022, the long anticipated first proper year post-covid that was! The year we had all been waiting for, to finally get a full season of somewhat “normal” footy back in the books again. It is with great joy and honour that I present to you, the Social Secretary Report for the year of 2022. Now entering into my second year as the Social Secretary for the club, I can't tell you how excited I was to finally be able to get another proper go at bringing life, fun and events into this club without the interruptions of the world around us.

This year was immensely better than the previous, as precautions such as social distancing, sanitising, checking-in and mask wearing, now all slowly becoming things of the past, it was much easier to run social gatherings without having to think about density limits and worry about how many people could be in the same room at any one time. This was a year that was far from dull. We grabbed every opportunity as a committee that we could to gather our members as much as we could and soak up the atmosphere and environment once again of being in each others presence, face to face.

Before diving too deep into this report, I would like to put it on the forefront and thank every single person, committee member or not that helped me to put together every social event in 2022. Thank you for the tireless, countless hours and unrelenting effort that were put in behind the scenes. We are seriously so lucky and fortunate here at the EFLUA with people that are willing to help at any time and where no effort or task is ever too hard for them and for that I commend and thank you deeply. Many hands make light work and there is absolutely no way I could have done it all on my own so I have an abundance of gratitude and are indebted to you all for your willingness to help bring the vision and social events of the EFLUA to life. In particular, to those that committed to being on the sub-committee; David Parker, Jason Gillow, Greg Alford, Jarrod Faoro, Bradley Pulley, Chris Edwards, Jake Schachter, Daniel Philp and William Caldwell. Also to Kim Caldwell, Fiona Thornton, Ildi Kandler and Jamie Beattie in the kitchen – we thank you and honour you for your services to us all and for keeping us fed throughout the

year. These people really stepped up when the need arose, so for that, I thank you. To my right hand men that paired with me multiple times this year to make my ideas come to fruition, David Parker and Jason Gillow – You are both absolute powerhouses and I would have been lost without your guidance and physical effort that was put in this year by you both with events. I am tremendously grateful for the people that I was able to work alongside with throughout the year of 2022.

Social events are so incredibly important as they provide a platform for connection of umpires and all who are involved within the club to connect outside of the football field, and to really get to know each other. I am incredibly passionate about people and connection, and understand the importance of bringing events to the club that cater to all ages. Social events are where friendships are born, where people can make new connections, life members can reconnect and all can share in endless memory making.

As part of the lead-in into 2022, for the most part of November 2021 – to the start of February 2022, before pre-season training officially commences in February, we have a program run by our head fitness coach Mal Cree, known as Summer Fitness Program (or SFP), that is run weekly. It was fantastic to see a strong start to the 2022 season with consistent numbers right throughout the weekly Wednesday SFP sessions. As well as keeping people fit, it also serves as another great outlet and platform for social connection as after our runs were finished, we would usually mix and mingle with those that were present and chat about our off-seasons while all enjoying the tireless and great amounts of effort that Kim Caldwell would put into the post-SFP weekly feasts that she would kindly give us all which stretched from an array of fruits to lollies, which everybody is very grateful for come the end of the run that Mal makes us work very hard through.

February 2022, sure enough became very fast approaching and we hit our first official “pre-season” training night on Wednesday 2nd of February. Given the previous two years that had-been with COVID all around, it is fair to say that the turnout at Lewis Rd Oval saw umpires

aplenty and an abundance of excitement and eagerness for a brand new full season of footy to get underway. Even just to train with a large group again without restrictions felt like a major privilege – one I am sure not many took for granted ever again.

Excitement began to build in the air as we were back to some version of ‘normality’ again with our twice a week pre-season training regime.

All at once, we then ended up at our very first and official social event for the year being the ‘EFLUA Day at the Yarra Valley Racecourse’. The report that came back from the day was that it was an outstanding time and a lot of fun getting to hang out with people again after the long time in between drinks thanks to the COVID-19 lockdowns. Not long after this event, we then found ourselves fast approaching the Annual Barefoot Bowls and AGM night held at Heathmont Bowls Club. The success of the evening went deep into the night and we were lucky enough to have some brilliant weather on this particular day as well which drew a lot of people to the event. As per tradition, we had a classic Aussie BBQ run by our outstanding committee and we had some Bowls Competitions run throughout the night too which created a fantastic atmosphere amongst all. Having our Bowls night paired with the AGM is a great way that we love to combine our life, current and past members of the association together to all join in on a night of socialising. The entire event was at no cost to our members.

As April rolled around, no longer in pre-season anymore, we finally had access to our BRAND NEW state of the art rooms that we call our ‘Home of the EFLUA’, in Croydon, The Springfield Hall Pavilion. The rooms, now double story, are fantastic and provide multiple opportunities for us as a group to mix and mingle, socialise, and learn our craft and be coached, within this building. What a statement to open up our year with the brand new long awaited refurbish of the rooms. As one masterpiece had finished its rebuild, another started, as our home of training, the Croydon Athletics Track began its refurbishing. This meant that we had an Aths track no longer to train on, so we had to move to plan B. For the

# SOCIAL SECRETARYS REPORT

most part of the year, the Field and Boundary Umpires migrated to the Fred Geale Oval, which is adjacent to the Aths track, while the Goal Umpires trained back at the rooms on the Gridiron Pitch, at the Springfield Pavilion. On the odd occasion, all 3 disciplines would combine for a training session throughout the year.

We had umpires running in Premier matches over the Easter weekend with matches run on Good Friday and Saturday which were all run to a high standard. As if the excitement wasn't enough for us all getting back into the swing of umpiring, we decided as a committee that given the years that were in 2020 and 2021, it seemed only right to bring forward one of our main and big social events of the year to really focus on the connection and connecting of people. Instead of having it in July, we had our annual 'EFLUA Trivia Night' in April, and it was certainly a decision that paid off. Umpires had opportunity to meet and connect with people that they had never met before and we also saw many umpires return that were either life members or others who are now in the VFL, come back to share in a night of social fun and games.

Upon entry into the month of May, the season swiftly got well underway and in began to roll in the milestones once again which we so deeply missed celebrating. There were a large amount of milestones this year that finally got their time in the limelight, too many to name, however one that does spring to mind for a special mention is Martien Pruyers 1900th game.

Along with milestones, we saw many an umpire getting to make their Senior Premier Debuts, which were celebrated and announced at the rooms on Wednesday nights. May the 4th, saw us celebrating 'Community Umpires Round', a round dedicated to the men and women in Green! A round where all clubs and officials honour and appreciate the work and sacrifice of umpires to our great Australian game that is Aussie rules. We were lucky enough to have AFL and VFL umpires take and conduct training sessions for all disciplines, Field/Boundary and Goal, then later join us back in the rooms for dinner, to socialise and

to coach us all. We also had Umpiring Growth and Development Coordinator, Andrew Talbot come and deliver a speech back at the rooms which was very engaging and well received by all who attended. We were incredibly lucky to have some of the best of the best be with us on this night.

We then progressed onto another fun social event that has been quite popular amongst the group when we have been able to run it in the past couple of years, which is the 'EFLUA Mates Round'. This is a round where umpires get to submit a form and request who is on their umpiring panel (nameingly their mates) for that particular round, and run or wave with them. This really helps to build culture and atmosphere around the place and really uplifts the whole day, as it's not everyday that you get appointed to a game with your mates. Then to top off a ripping day, one of our EFLUA members, Paul Dennis, has strong ties with the Mitcham Football Club, where in conjunction with this club, the EFLUA members go back to the rooms at Mitcham for a big social celebration to really tie together all that embellishes what is, mates round. Umpires, their families and friends are all welcome on this night to have a chat with something to eat or drink and just share in the great memories with those from what happened to everyone in their days games and also just share in those amazing times that we all love and know so well. Over the space of 5 hours, it can be estimated that around 70-80 people came and went within that time. What a glorious night it was.

To round out May, we had for the first time took part in 'Wear Orange Wednesday', which supports the SES and was raised and brought to us by one of our committee members, Jake Schachter, that we as a club get behind this day. It was marvellous seeing the turnout of everyone in orange at training then back at the rooms, supporting and donating to a good cause.

As the thick of winter really began to sink and hit us all in June, we partook in the annual sessions that our Fitness Coach Mal Cree, runs at the Goodlife Gym in Wantirna on Monday Evenings. The EFLUA group was lucky enough to partake in an array of classes over a 6 week

period which included Cycling, Body Balance, Boxing and Weights classes. This helped to keep our group fit and active even through the thick of winter. On Wednesdays however we still partook in our normal training nights and coaching sessions back at the rooms.

Our annual Queens Birthday social event rolled around the corner, and on Sunday the 12th of June, the EFLUA hosted their annual 'Golf Day'. Unfortunately, the turnout was not as fabulous as previous years as the weather on this particular day took a major turn before the event even was able to get underway, but for the Gentlemen that did make the turnout, they thoroughly enjoyed themselves and still had a good time at the RACV Country Club in Healesville.

As July began to approach, we then found ourselves hosting our very first 'Pie Night' of the year. This night is a great one on our Social Calendar because we get to incorporate one of our club sponsors, Huey's Bakery, and Jason Gillow, our Club Sponsors Lead, really gets to flex his muscle and strengthen the relationship and bond that we have with them. This night is also always a hit with members as we pair it with "Wearing Your Favourite Sports Team Colours Night". This is where we see the rivalries come out to play and lots of laughs and banter shared all amongst the group, with friends poking and prodding at each other about the others teams, but it is all in light hearted spirits and there is a lot of fun shared in these nights amongst the group as a whole.

In late July, we also got to celebrate and congratulate 7 of our up and coming umpires that had been selected to attend and umpire in the 2022 V/Line Cup held in Shepparton. Due to COVID, we had not been able to see a clear display of our up and coming umpires on showcase in this way for a couple years, so as a club it was exciting when it was announced that we had some umpires from all disciplines selected to attend this carnival. A huge congratulations goes out to the following umpires for their efforts displayed on the V/Line Cup: Field; Daniel Phillips, Kaileb Monro and Monique Shaw, Boundary; Daniel Mortlock and Ryan Pulley, Goal; Nathan Dugdale and Dylan Wood. From all of us here at the EFLUA, we are incredibly proud of your efforts and the

# SOCIAL SECRETARYS REPORT

hard work that you all put in week to week at training and behind the scenes.

August was here, and we were now rapidly approaching the pointy end of the season. Presentations and celebrations aplenty to say the least. Our Junior Grand Final Night was held on Wednesday the 10th of August at Aquinas college. We got to see our Junior umpires shine on this night and really get to see a spotlight on some of our youngest and most upcoming umpires that will do great things in the years to come. From awards, to Grand Final Appointments, it was great to be able to celebrate this group by holding a feast for all with food and drinks after the presentation. Junior Grand Final day quickly followed on Sunday the 14th of August and while the day itself was quite miserable in terms of the weather, it did not stop the display of talent from our Junior up and comers. What a joy it was to see our first crop of Grand Finals roll out after a long 2 year hiatus. Later that night the Juniors Umpires along with family and friends retreated back to the Manhattan Hotel in Ringwood to celebrate all that had unfolded not just in that day but the year that was.

Then September, the big one rolled around. What a month this was. After 2 years of nothing, no finals series or Grand Finals to having Grand Finals for almost every weekend straight for the month of September, you could say that the atmosphere was absolutely electric to say the very minimum. Every Grand Final for every age and division was like watching your last. The energy that came out of the days no matter the score for each team was just magic in itself. Every single umpire that was selected nailed their job beautifully and was the right person picked for the day. All this build up to the pinnacle, which was the Premier Division Grand Final Day. Two weeks before we held our End of Year Celebrations night, more commonly known as 'The Last Bounce'. This night was absolutely one for the history books. This year it was held at the stunning 'Bramleigh Estate' in Warrandyte. Seeing everyone out of the 'Greens' for the night and all 'Dressed to the 9's' was a bedazzling sight to the eyes. The celebrations went deep into the night,

with awards and speeches galore. There was also many a dance move, smiles, laughs and great times had by all, on a night that was highly anticipated by all after so long of not being able to celebrate. Saturday the 17th of September was the 'BIG DANCE' for our league, the Premier Division Grand Finals. Again the weather did do a major turn on us but it was still a ripper day getting to be in and amongst all the grand finals that were.

We celebrated back at the Springfield Pavilion with dancing, food and fun for all the umpires, families and friends and will cherish every single memory that we made on the night that was. Just like that in the blink of an eye we had come to the end of what was, The 2022 season, the first proper and full season post the COVID-19 Pandemic.

However to round out our season, just when we thought it was done, it didn't stop there. October 2022 saw us hosting our first ever "Missing Your Mates Nights". While this was similar to that of "Missing Your Mates Round" that we held during the season, this night brought everyone together a couple weeks later to re-connect with everyone post all the craziness of the season that was. We held the night at 'The Sporting Glob Knox' again incorporating another one of our sponsors and everyone who attended had a fabulous time.

And how could we forget throughout the year, just about every Wednesday night back in the rooms after training Greg's "Members Raffle" - Greg is one of our long standing committee and Life members and a Goal Umpire, and while he had a tough year, when he could he was front and centre to draw his famous member raffles. This year we gave out cash in a monthly members draw, which we will improve on in 2023.

As I round out the report for this year, I do also want to take a moment to acknowledge and reflect on those in our community that we lost along the way. In August, we sadly saw a club veteran and Life Member Noel Maxwell lost after a long battle with illness. Noel was not only a Life Member but awarded Hall of Fame status, then later elevated to Club Legend status. A yearly award to the Field Umpires named in his honour, recognises an individual

whose contribution to the club reflects that of Noels. His legacy will live on forevermore in this club.

Furthermore in December, we saw another great asset of the league sadly have their life cut short by the sudden passing of Goal Umpire, Henry Sims. Henry was a real Gentlemen. He began umpiring with the EFL back in 1994 and was awarded Life Membership of the EFLUA back in 2008. In 2003, he was dubbed the winner of the Geoff Griffiths Goal Umpire Award. Henry dedicated a large portion of his life to umpiring and always loved socially getting around to mix and mingle with everyone, be it, young or old. He would never drive to his games, rather catch public transport. If you asked Henry how to get to a certain ground by public transport, he could tell you every tram/ train or bus route number you would need to get there.

Both these men will be sadly missed by the wider EFLUA community. We send our condolences to all the families and close friends of both men and will not forget what legacy they left behind in this league.

One last thank you again from me to every single person that helped input in the social calendar this year – to the committee members and general members – you are the hands and feet of this association and nothing would be possible without the help from you all.

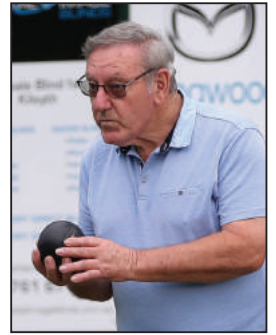

With that, I now draw to a close the end of this Social Secretary Report for 2022. In October, I made the decision that I will no longer be continuing on in the role of the Social Secretary for 2022, and that new blood in being Damien De Vincentis will be taking over and fulfilling his purpose in this role.

I have thoroughly enjoyed my time in the last 2 years in this position and am grateful to have been able to leave an imprint on the EFLUA, even if small. It was a lot of work, sometimes not always easy but it was always worth it!

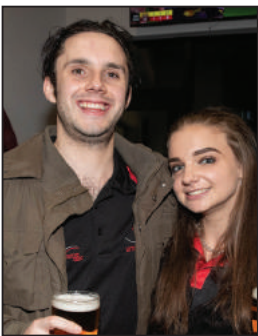

Best of luck to all and well wishes for the year of 2023!

**Monique Shaw - EFLUA Social Secretary**

# BAREFOOT BOWLS & AGM

# MATES ROUND

# TREASURERS REPORT

First of all, thank you everyone for having such confidence in me taking over the Treasurer role. It has been great to give back to an association that has had such a positive impact on my life.

Our bank balance at the end of 2022 was \$15,426.57.

For \$45, the 2022 memberships included an EFLUA beach towel, cards entitling us to 2 free drinks and meal at our social club as well as member only sponsor deals, member draws and subsidies for social events. Due to the lack of activities at the association last year, we allowed members to use their 2021 membership cards this year.

The EFNL contributed \$6,500 to the association to cover relevant council expenses, while last year their \$5,000 contribution was to cover the cost of some furniture for our brand new facilities. As council expenses exceeded \$6,500, we are currently in discussion with the EFNL to recover these out-of-pocket expenses incurred by the association. We are also in discussion with the league to have them directly pay for all outgoing expenses associated with the running of the training and meeting facilities going forward.

The biggest expense in 2022 were events, which brought our members together again to enjoy the much missed social life down at the EFLUA after two years of them being cancelled. As expected, the largest event

expense was The Last Bounce.

\$990 of \$1,649 of sundry expenses were for the hire of Croydon Football Club's facilities in 2021 while our rooms were being refurbished. Technically this is not a 2022 expense but as the invoice was received and paid after the 2021 AGM, we had no choice but to allocate it to 2022. Therefore, sundry expenses are realistically \$659.

\$3,762 for AV equipment for the umpire clubs rooms could potentially have been capitalised. To remain consistent with prior years, we have taken a conservative approach and chosen to continue to expense these items immediately. Although it dilutes profit, it maintains simplicity of the balance sheet.

Our biggest revenues were memberships and events. It was fantastic to have an increase in memberships given the unprecedented events occurring in 2021. Overall, we received membership fee income for 296 memberships totaling \$13,320.

Bar sales were a huge success particularly at Trivia night and the Premier after party. Bar and kitchen sales generated us \$4,580 in profit, resulting in a 36% profit margin.

Trivia night was yet again a fantastic night, generating fundraising revenue of \$1,435.

\$5,714 was raised for Greg Alford – one of our highly valued members who sustained a serious infection preventing him from working

for several months. This was a wonderful result from our umpiring family and went a long way to help Greg through such tough times.

We also raised \$172 to contribute to the Patrick Cronin Foundation, by our members purchasing wrist bands after the foundation visited our rooms and gave a presentation on their purpose.

Square has yet again been a convenient platform to purchase our goods given the less cash being used as well as minimising financial risk to the association. Once again, EFTPOS sales exceeded cash covering 75.8% of total sales.

Thank you Kim and kitchen team for your dedication and always providing such wonderful meals for our members while producing revenue for our association.

Mention to Jason Gillow for securing such valuable sponsorship agreements once again.

Shout out to David Parker for always having the time to assist me in understanding the background activities of the association, allowing me to fit comfortably into my role.

That is a wrap from me for 2022 and I look forward to continuing my role as Treasurer in 2023.

**Stef Vanderslik - EFLUA Treasurer**

Honorary review (not audit) performed by Brad Buyck on the financials as shown.

# HEAD OF UMPIRING REPORT

When we reflect on 2022, it is evident that we have had a year to remember for many reasons.

After 2 years of COVID interruptions, we have finally been able to complete a full season of football.

There have certainly been some challenges for all, and this was evident on the 1st night of pre-season training when numbers were well down on previous years' 1st nights of training – unfortunately, we were required to change training nights from the traditional Monday/Wednesday to Tuesday/Thursday and this may have impacted numbers slightly.

This impacted the 1st few rounds appointments where the number of umpires available led to a high number of double ups to make sure all games had two (2) field umpires appointed.

The Covid Pandemic again caused issues, with umpires declining games on Fridays or Saturdays at late notice because they tested positive to Covid – an example of this was in Round 12 when three (3) field umpires pulled out games on Saturday morning when they tested positive with the virus

With the support of the entire umpiring panel, we were able to appoint at least two (2) field umpires in every game (Senior, Reserves and U19's) each week and boundary and goal umpires in all but a handful of games each week.

A positive from the season was the return to the EFNL of several experienced field umpires (12 in total) who had been absent for a couple of seasons.

In-season training was also going to be a challenge for the panel as our normal venue, the Town Park Athletics Track in Croydon was closed for upgrade works, but this was offset by us being able to access the gridiron field adjacent to the Springfield Pavilion which the goal umpires used on Wednesday nights.

The field and boundary umpires trained at Fred Geale Oval on Monday and Wednesday nights and the ground was surprisingly in good condition for most of the season.

Mid-season saw Monday night training conducted at Goodlife Gym for a 6-week

period which were good recovery sessions for the umpires after big weekends of umpiring for some. The sessions included cycling, boxing and lifestyle fitness sessions during, what is traditionally, the dampest month(s) of the season.

After each weekend of Grand Finals (Seniors, Reserves and U19's), everybody was taking about how good the games were and no mention of the umpiring - all umpires involved in these games enhanced the spectacle with very good performances. This is what makes it worthwhile for the umpire coaches who put their faith in the umpires selected to umpire grand finals and they duly delivered as expected.

Congratulations to all umpires who were appointed to Grand Finals in Season 2022. The performances of all umpires justified the umpire coaches' selections and we were all very proud of the way each panel conducted themselves both on and off the field.

One of the biggest highlights of the year was the opening of our new clubrooms at Springfield Park Pavilion in Croydon. The facility included separate male/female change rooms, a large social room and separate meeting area if required, a fully equipped kitchen, plus a separate bar area and several storage rooms. Many attended on Wednesday nights to take full advantage of the social atmosphere provided, enjoy a meal prior to the weekly coaching sessions and have a couple of drinks with mates after.

Thanks to the ladies in the kitchen (including Jamie Beattie) for their tireless efforts each Wednesday nights in cooking meals for the hungry troop after training. The variety of meals served each week was very much appreciated by the umpiring group. The new kitchen facilities would certainly have made it easier to prepare and cook the meals

Our junior program, under the guidance of Sean Clarke with the assistance of Graeme Meredith and Gerard Bolton, continues to produce quality young umpires who eventually step up into Seniors when Clarke thinks they are ready.

We are very fortunate to have Clarke overseeing our Junior Program. The task of filling over 330 appointments each Sunday is huge and very rarely was there a game that didn't have at least one field umpire in, so this is a mighty effort and cannot be understated

Not only does Clarke and his team produce quality young umpires – he develops good young people who gain many life skills which will set them up outside of football.

I'd like to thank the EFNL Umpire Coaches who provided great support to me and the running umpires this season. Their guidance, feedback and knowledge of umpiring played a huge part in the way we finished off the season during finals.

Also thanks to the EFLUA executive for their hard work in supporting the EFNL Umpiring Panel and looking after their interests. Discussions between the EFNL and the EFLUA were always positive and constructive with a number of outcomes that will benefit the umpires next season

Finally, thanks to the entire umpiring group (field, boundary, goal) for their commitment, dedication, passion, and willingness to step up during the tough periods, doing double ups where necessary, helping the Juniors on a Sunday when Clarke was desperate and down on numbers

It's this attitude that makes being a part of this club such a privilege and a worthwhile experience and the support you all have given me, and the other umpire coaches is greatly appreciated. It is what defines this club and contributes to its achievements and successes.

**Peter Carey - EFNL Head of Umpiring**

# BOUNDARY UMPIRES REPORT

After several stop starts in the last two seasons, season 2022 arrived with high expectations. Our numbers were down at the start however some of our members brought along their family members and friends. So as the season progressed the numbers stabilised. Notwithstanding the fact that we lost approximately 15 members each week with viruses and Covid. Trevor would ring on a Thursday and said he had got the chessboard out, making numerous changes to cover all games as required by the league. We are sure that anyone else other than Trevor would have thrown their hands in the air and given up. On behalf of the group... a BIG thank you Trevor. With so many new members to the group, it was so good to have the services of

Brian Greaves to help out during the home and away season. His observations were of great help to direct our coaching priorities. During the season we were allowed to run the three umpire system, which exposed more umpires prior to the final series. Special thanks go to Ryan Pulley and Harry Green for their input into the coaching aspect of the program. Speaking of final series. Special mention must be made to the six first year umpires who adjudicated in their first senior grand final. Our premier division senior grand final was also hard earned achievement. Congratulations went to Dan Mortlock, Ryan Pulley, Jack Stelfox and Thomas Kernich who have made a successful comeback to our group. Well done guys. You did our team proud on the day.

In closing off for 2022 we wish to thank those who helped our boundary group throughout the season along with our guest speakers Trevor Finch, Chris Powney, Warren Hillier and Brian Greeves.

I am personally looking forward to 2023 with hopefully our young group coming together again. See you on the track!

**Des Seaton, Trevor Finch  
Boundary Umpire Coaching Team.**

# GOAL UMPIRES REPORT

2022 it was a great to have full season. We have seen a group of determine people take hold of their game and breathe life back into it. It has been an honour to coach again this year. 2022 was significant in a numbers of ways, a successful year with most games covered and a high level across the whole year. Above all things, I need to highlight the significant hard work of Warren Sidebottom. He is again why

we had a another successful year. Training 1st year umpires during games, coordinating weekly appointments, filling games without umpires and much more. I cannot thank Warren enough for all his hard work. We have seen two umpires promoted to trial at the AFL Victoria. (Nathan Dugdale & Dylan Wood) We wish them all the best knowing they are competent and highly skilled Goal Umpires. Leading the training this year has

been a pleasure, every week the team of Goal Umpires put in 100% effort. The assistance with the training was outstanding like usual, Daryl Larter, David Parker, Jason Gillow, Jesse Fry, Ashley Price and Jackson Griffith and others. It cannot be done without your support. In 2022 we are diminished. RIP Henry Sims

**Peter Baldry - Goal Umpires Coach**

# SPONSORSHIP REPORT

With life getting back to normal, we had even bigger success with our sponsors in 2022. Our long term sponsors of CVA Property, Hawthorn Finance, Henledar and Chris Powney Photography all provided great support. Thanks to Tino, Lou and Chris again. All of our previous sponsors recommitted and we had great success with them. The Pie Drive fundraising we had with Huey's Bakehouse was one of most successful fundraisers. There were plenty of compliments about the quality of pies and sausage rolls, and are few big orders from some of our members so we appreciate that. We were able to hold more sausage sizzles throughout the year, which repaid the loyalty in which Discount Meat Outlet have shown the EFLUA. Thanks again to Sherrin and Unreel Fishing Charters for their support and what they have provided us throughout the year for raffles and prizes. The Sporting Globe Knox was one of our bigger success stories, and thanks to "Miss Your Mates Round" late in the year we were able

to earn over the 10,000 points target. This in turn provides a massive boost to the EFLUA, as we will have \$1000 provided in vouchers, and \$500 in cash which could be used to subsidise a Member's Event in 2023. Thanks again to all of these sponsors, the EFLUA massively appreciates your support. Whether it be cash payment, donations or services, the club is a better place with your support. Please see our website for a full list of our sponsors. If you use any of the sponsors, let them know you are from the EFLUA and appreciate their support. If you or your business would like to sponsor the EFLUA in 2023 please contact Jason Gillow. We look forward to another successful year, and will have a couple more new sponsors for 2023.

Please remember to contact the following if you are in the market

**CVA Property** – selling or rental commercial property

**Hawthorn Finance** – any financial

requirements or refinancing.

**Henledar** – Plastic tubs and containers from Kmart

**Chris Powney Photography** – any photography requirements like weddings etc

**Huey's Bakehouse** – also providing catering and have a huge range of freshly made pies

**Discount Meat Outlet** – providing quality meat to Scoresby and surrounding suburbs

**Unreel Fishing Charters** – always providing great fishing trips. Whether it be Tuna to Whiting or Calamari to Snapper – please contact James Rogers

**The Sporting Globe** – make sure you have Eastern Football Umpires Association as your favourite club, and go there for your next birthday or family function.

**Jason Gillow**

Wyatt Stephen	1	0	1	0	2022
Young Campbell	21	0	21	1	2022

This report is dedicated to Noel Maxwell & Henry Sims,  
with whom we sadly lost in 2022.
